Re: Gas Connection Notices

Gentlemen:

I believe Evelyn Downs of this office requested a reconnection date for the Lewis B. Burleson Farney #4-B Sec.5, T23S, R36E in July 1988, and again on November 9th by telephone. As of this date this reconnection date has not been received. Please furnish this as soon as possible in order that the allowable can be assigned.

Also, please furnish connection notices for Conoco Inc. Meyer B-17 Well #3-P Sec. 17, T21S, R36E, & Lockhart B #10-E Sec. 14, T21S, R36E. Both wells are completed in the Eumont Y-SR-Qu Gas Pool and according to Conoco were connected to your system November 9, 1988.

Your cooperation in this matter will be greatly appreciated.

Very truly yours,

OIL CONSERVATION DIVISION
