RE: Non-Standard Gas Proration Unit and  
Unorthodox Gas Well Location  
Application  
McQuatters Well No. 1, N/2 SE/4,  
Section 11, Township 21 South, Range  
36 East, Eumont Gas Pool, Lea County,  
New Mexico.

Dear Mr. Westbrook:

The Wiser Oil Company, an offset operator to the south of your proposed unorthodox Eumont gas well location and non-standard proration unit, filed opposition on September 25, 1989 to your filing.

This application will therefore be set for hearing on the next available docket scheduled for October 18, 1989.

If you should have any questions concerning this matter, please contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Michael E. Stogner".

RE: Non-Standard Proration Unit  
and Location Request  
McQuatters No. 1  
N/2 NE/4 Section 11, T21S R36E  
Lea County, New Mexico

Gentlemen:

The Wiser Oil Company is an offset operator to the proposed well. The John H. Hendrix Corporation has applied for a non-standard location and proration unit for the McQuatters No. 1 in the Eumont Gas.

The Wiser Oil Company is of the opinion that a regular 160 acre proration unit should be established. The non-standard 80 acre unit would cause undue drainage of gas from the formation under The Wiser Oil Company's lease.

Very truly yours,

  
Richard L. Starkey
