(NOTE: Report results of multiple completion on Well
Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

SANTA FE ENERGY RESOURCES, INC. is requesting approval for an alternate salt water disposal for this well. Water is currently trucked by B & E, Inc. of Carlsbad, New Mexico. Reason for this request is sometimes the approved disposal site is full and they need an alternate site. The alternate site chosen is Big Eddy Federal #100, SWD -461, located in Unit L of SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec 8 Twp 21S R 28E, NMPM, Eddy County, N.M.

B & E will utilize this facility in the event the other approved SWD's are full and cannot be used immediately.
