RE: Reclassification of Well
J. K. Rector, #6-B
Sec. 31-T21S-R36E
Eumont Yates SR-QN Pool

Gentlemen:

Due to the recently submitted scheduled Gas-Oil Ratio Test the above referenced well will be reclassified from gas to oil effective July 1, 1995, and the gas allowable cancelled on that date.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by June 29, 1995.

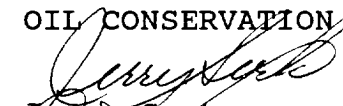

If the well is to be reclassified from gas to oil you will need to file the following:

- 1.) C-104 showing reclassification from gas to oil effective July 1, 1995, and changing the transporter to oil and casinghead gas.

If you have any questions concerning the above, please contact Nelda at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
