RE: Reclassification of Well  
J.K. Rector  
Unit B, Sec.31, T21, R36  
Eumont Yates SR-QN Pool

Gentlemen:

Due to the recently submitted scheduled Gas-Oil Ratio Test the above-referenced well will be reclassified from gas to oil effective July 1, 1994, and the gas allowable cancelled on that date.

If for some reason you feel this test does not reflect the proper classification of this well, please submit another test for our consideration by May 11, 1994.

If the well is to be reclassified from gas to oil you will need to file the following:

- 1.) Revised Form C-102, acreage dedication plat, outlining 40 acres for this oil well completion.
- 2.) C-104 showing reclassification from gas to oil effective July 1, 1994 and changing the transporter to oil & casinghead gas.

If you have questions concerning the matter above, please contact Donna at (505) 393-6161.

Very truly yours,

OIL CONSERVATION DIVISION
