13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Bass Enterprises Production Co., as agent for EXCO Resources, Inc, requests authorization to temporarily abandon the subject well for a period of 12 months. We will set a CIBP above the top perforations, cap it with 35' of cement, load the casing with packer fluid and run a mechanical integrity test (following proper notification to the BLM - Hobbs Office).

Bass has several producing wells in this area and is currently contracting with a third party for produced water disposal. The SWD system is operating near capacity. Bass is formulating plans for additional drilling and/or remedial work that will increase the volume of produced water. The subject well is being evaluated for conversion to a salt water disposal well and therefore may have a future useful function.

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #6685 verified by the BLM Well Information System
For EXCO RESOURCES INCORPORATED, sent to the Hobbs
Committed to AFMSS for processing by Armando Lopez on 08/23/2001 (01AL0037SE)
