Unit B, Sec. 29, T21S - R36E
990' FNL & 2310' FEL
Lea County, New Mexico

Gentlemen:

John H. Hendrix Corporation has recently performed remedial work on its New Mexico "B" State No. 6 which has resulted in a need to reclassify the well from an oil well to a non-standard acreage unorthodox well location gas well. Since it will be necessary to request an exception for the non-standard acreage and unorthodox well location, it is requested that we be allowed to continue to produce this well to take advantage of the current high gas prices. This is a state lease.

The well will be produced at a rate not to exceed six times the allowable for a 40 acre Eumont gas well. John H. Hendrix Corporation agrees to abide by all the rules of the order.

Thank you for your consideration in this matter. If you have any questions, please call.

Yours very truly,

RHW
