Attn: Mr. William J. LeMay -- Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests your approval of this administrative application for Simultaneous Dedication.

Chevron is planning to drill and complete the Campbell Houston Gas Com # 6 in the Eumont Yates 7 Rvrs Qn (Pro Gas) Pool. It is our desire to simultaneously dedicate the existing 320-acre Eumont Gas Proration Unit currently assigned to our Campbell Houston Gas Com #2, #4, and #5 [Administrative Order NSL-2993(SD)] to all four wells. The 320-acre gas proration unit comprises the S/2 of Section 7, T-21-S, R-36-E, Lea County, New Mexico. As the Campbell Houston Gas Com #2, #4, and #5 are producing at a current rate of 550 MCF/D, the proposed new drill of Well #6 will essentially capture reserves which otherwise would not be produced from this GPU.

Chevron respectfully requests your approval of this administrative application for simultaneous dedication. Attached is a vicinity map, location verification map and a Form C-102 plat.

If you have any questions or require any further information concerning this application, please contact me at (915) 687-7347.

Yours very truly,

J. H. Saenz
Petroleum Engineer
