Gentlemen:

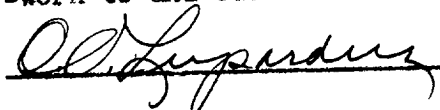

Tidewater Oil Company wishes to state the following facts in applying for an exemption to Order 553 and respectfully requests issuance of a no-flare order:

1. The application is submitted in triplicate.
2. This order is to cover Tidewater's A. L. Christmas "A" Lease located W/2 NW/4 Sec. 26-22S-36E, NMPM, South Eunice Pool, Lea County, N. Mex.
3. Wells and locations are listed below:
 - Well #1-D, Section 26.
 - Well #2-E, Section 26.
4. A plat of this lease is attached showing well location, offset ownership and location of tank battery.
5. Most of the gas in this area is sold to United Carbon Company, however, they have informed us that they consider our small volume of gas uneconomical to connect. Phillips Petroleum is now contemplating the laying of a gathering system in this area. Skelly and El Paso are also completing surveys on the flared gas in this area.
 - (a) The gas volume being vented on this lease is 87.8 MCFPD.
 - (b) Individual ratios are as follows:
Well #1, 1795:1 and Well #2, 511:1.
 - (c) The nearest gas gathering line is located some 3/4 mile from this lease.

20 MCF / 1
68 MCF / 1
