Reference: Continental Oil Company's Meyer B-28 No. 1,
Unit E, Section 28-22-36, Lea County, N. Mex.

Dear Sir:

In reply to your letter of April 12, 1954 regarding the above well, you state the Meyer B-28 No. 1 should be listed as being in the Eunice (Oil) pool rather than the South Eunice pool as reported on our Form C-115 for the month of February, 1954. This matter has been checked with the Hobbs office and it is our finding that the well is in the South Eunice pool.

In view of our findings on this matter, there will be no changes on our C-115 report unless further advised to do so by your office.

In further reference to your form letter, it is our practice to segregate oil and gas wells by leases and pools in reporting production information on Form C-115. If any discrepancies are noticed, it would be appreciated if you would advise us accordingly.

Very truly yours,

N. A. RICKMAN
Dist. Supt.-New Mexico Dist.
