Mr. J. E. Hellinghausen
Division Drilling Supervisor
The Atlantic Refining Company
Box 871
Midland, Texas

Re: Atlantic Refining Company,
#1 J. L. Selby, Sec. 33,
T. 22S, R. 36E, South Emice
Pool, Lea County.

Dear Mr. Hellinghausen:

On August 12, 1949, Mr. H. N. Sweeney of the Oil Conservation Commission approved Form C-101, Notice of Intention to Drill, the above captioned well.

Today we received our first reports on the well. It is my understanding that the well is now at a total depth of 3395'. Therefore, I am sure you have set the surface casing and also the oil string. It is necessary that we have in our files reports on setting and testing all casing.

Will you please advise us immediately the casing you have set in this well, along with the report of testing casing. The rules and regulations of the Commission state that this should be done as the work is proposed and completed. I am sure that you will see that this is done in the future.

Very truly yours,

OIL CONSERVATION COMMISSION
