Gentlemen:

A check of the files for your Meyer A-29 No. 8 in Unit I of Section 29, T-22-S, R-36-E and Eaves A-19 No. 9 in Unit E of Section 19, T-26-S, R-37-E indicates that although you were notified by form letters dated November 4, 1957 that it would be necessary for you to obtain either a No-flare Order or a gas connection for these wells by December 30, 1957, we have as yet received neither.

Please be advised that unless you have either made application for the No-flare Order or filed Form C-110 showing a casing-head gas connection by January 15, 1958 the allowables for these wells will be cancelled.

Yours very truly,

OIL CONSERVATION COMMISSION
