Attention: Maria L. Perez

*Administrative Order NSL-3050(SD)*

Dear Ms. Perez:

Reference is made to your application dated August 15, 1991, for an unorthodox Jalmat gas well location in an existing non-standard 160-acre gas spacing proration unit (GPU) for said Jalmat Gas Pool comprising the SE/4 of Section 1, Township 23 South, Range 36 East, NMPM, Lea County, New Mexico. Said GPU was authorized by Division Order No. R-520, dated August 12, 1954 and presently has dedicated thereon the Emery King SE Well No. 1 located at a standard gas well location 660 feet from the South line and 1980 feet from the East line (Unit O) of said Section 1.

It is our understanding that the subject well to be considered at this time is temporarily abandoned in the Langlie Mattix Pool; however, said well will be plugged back and recompleted to the Jalmat Gas Pool upon issuance of this order.

By authority granted me under the provisions of Rule 2(c) of the Special Rules and Regulations for the Jalmat Gas Pool, as promulgated by Division Order No. R-8170, as amended, the above described unorthodox gas well location is hereby approved:

Emery King SE Well No. 3  
2310' FSL & 1650' FEL (Unit J)
