

11-18-58

is requested that the Oil Conservation Commission issue an exception to its No-Flare Order R-553 with respect to a casinghead gas volume of approximately 428 MCF per day from the J. F. Janda "I" Lease, Well No. 5. It is desired that such an exception be granted for an indefinite period pending contractual negotiations and the completion of facilities required to gather the gas.

Yours very truly,

E. HOSFORD

Hobbs, New Mexico

is requested that the Oil Conservation Commission be requested to issue a permit for the drilling of a well in the area of the oil field. The permit should be issued for a period of one year, and the well should be drilled within that period. The permit should also specify the location of the well, the depth of the well, and the type of equipment to be used. The permit should also specify the conditions under which the well may be drilled, and the conditions under which the well may be abandoned. The permit should also specify the conditions under which the well may be used for other purposes.

Yours very truly,

  
J. M. Smith
