OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico,

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as _____

Texas Pacific Coal and Oil Co. State New Mexico "A" Ac. 1 Well No. **18** in **SW 1/4**

Company or Operator

Lease

of Sec. **4**, T. **23-S**, R. **36-E**, N. M., P. M., **Cooper-Jal** Field, **Lea** County.

N

The well is **660** feet (N.) **1/4** of the **South** line and **660** feet (E.) **1/4** of the **West** line of **Section**

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. _____ Assignment No. _____

If patented land the owner is _____

Address _____

If government land the permittee is _____

Address _____

The lessee is _____

Address _____

We propose to drill well with drilling equipment as follows: **Rotary tools**

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: **Required bond on file**

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
15	12 1/2	50 1/2	S.H.	400	Cemented	185
11	8 5/8	32 1/2	New	1600	"	200
7 7/8	5 1/2	14	New	2800	"	500

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about _____ feet.

Additional information:

Approved _____, 19 _____

Title **Oil & Gas Inspector**

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every aspect of their operations, from procurement to sales.

2. The second section focuses on the role of technology in modern business management. It highlights how digital tools can streamline processes, reduce errors, and improve overall efficiency. The author argues that embracing technology is not just a luxury but a necessity for staying competitive in today's market. Examples of various software solutions are provided to illustrate their practical applications.

3. The third part of the document addresses the challenges of human resource management. It discusses the importance of recruiting and retaining top talent, as well as the need for ongoing training and development. The text offers strategies for creating a positive work environment and fostering a culture of innovation and collaboration. It also touches upon the complexities of labor laws and the importance of fair compensation practices.

4. The fourth section explores the impact of market trends and economic conditions on business performance. It advises organizations to stay informed about global and local market dynamics and to be prepared to adapt their strategies accordingly. The text discusses the risks of over-reliance on a single market or product line and the benefits of diversification.

5. The final part of the document provides a summary of key takeaways and offers recommendations for future action. It reiterates the importance of continuous improvement and the need for leadership to set a clear vision and direction. The author concludes by encouraging organizations to embrace change and to strive for excellence in all their endeavors.
