(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. If the well is being completed or recompleted, clearly state all pertinent details, and give pertinent dates, including estimated date of starting any production work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

A CIBP was set @ 3250' above all perfs on 8/21/85. Well tested OK for TA status. We plan to retest casing to 500 psi for TA status.
