OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico,

Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as

TEXAS PACIFIC COAL AND OIL CO. State New Mexico "A" Ac. 1 Well No. **16** in **NE 1/4**

Company or Operator

Lease

of Sec. **11**, T. **23-S**, R. **36-E**, N. M. P. M., **Cooper-Jal** Field, **Lea** County.

N

The well is **660** feet (~~W~~) (S.) of the **North** line and **660** feet (~~E~~) (W.) of the **East** line of **Section**

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. _____ Assignment No. _____

If patented land the owner is _____

Address _____

If government land the permittee is _____

Address _____

The lessee is _____

Address _____

We propose to drill well with drilling equipment as follows: **Rotary tools**

AREA 640 ACRES

LOCATE WELL CORRECTLY

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: **Required bond on file**

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
11	12-1/2	50#	S.H.	400	Cemented	185
9-5/8	7-5/8	26.40	New	1600	"	200
7-7/8	5-1/2	14	New	3800	"	500

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about **3800** feet.

Additional information:

This is to correct casing to be used and will cancel & replace Form C-101 dated **7-25-46**

Approved **AUG 10 1946**, 19____

except as follows:

Sincerely yours,

TEXAS PACIFIC COAL AND OIL COMPANY

Company or Operator

By

Title

Oil & Gas Inspector

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The document also highlights the need for transparency and accountability in all financial dealings.

The second part of the document outlines the specific procedures for recording transactions. It provides a step-by-step guide for how to enter data into the system, ensuring that all necessary information is captured and that the data is entered accurately.

The third part of the document discusses the importance of regular audits and reviews. It explains that these processes are necessary to ensure that the system is working correctly and that the data is accurate and reliable.

The fourth part of the document provides a detailed description of the system's capabilities and features. It explains how the system can be used to generate reports, perform calculations, and manage the data. It also discusses the system's security features and how to ensure that the data is protected from unauthorized access.

The fifth part of the document discusses the importance of training and support. It explains that users must be properly trained to use the system effectively and that ongoing support is necessary to ensure that the system continues to work correctly.

The sixth part of the document provides a summary of the key points discussed in the document. It reiterates the importance of accurate record-keeping, transparency, and accountability, and emphasizes the need for regular audits and reviews. It also provides a list of resources for further information and support.

The seventh part of the document discusses the future of the system and the potential for further development. It explains that the system is designed to be flexible and adaptable, and that it can be upgraded and modified to meet changing needs. It also discusses the potential for integrating the system with other systems and for using the data to improve decision-making.

The eighth part of the document provides a list of references and resources. It includes links to the system's documentation, to training materials, and to support resources. It also includes a list of contact information for the system's developers and support staff.

The ninth part of the document provides a final summary and conclusion. It reiterates the key points of the document and emphasizes the importance of the system for the organization. It also provides a list of next steps and a timeline for implementation.
