Re: Aztec State No. 1-M
Sec. 16, T-23-S, R-36-E

Gentlemen:

Due to the producing characteristics of the Dallas McCasland Aztec State Well No. 1 located in Unit M of Section 16, T-23-S, R-36-E, which indicate that the well produces with a gas-oil ratio in excess of 100,000/1, the well will be reclassified as a gas well in the Jalmat Gas Pool effective September 1, 1977, and the oil allowable will be cancelled that date.

Please advise this office when you have complied with the provisions of Commission Order No. R-1670 pertaining to the Jalmat Gas Pool in order that a gas allowable can be assigned.

Yours very truly,

OIL CONSERVATION COMMISSION
