Gentlemen:

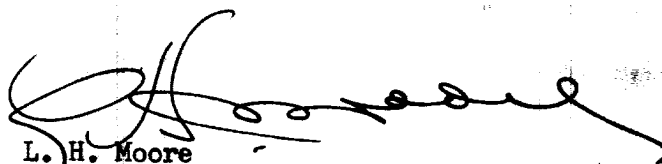

You recently requested of Mr. Meade Corley in our Odessa office that this company consider the purchase of casinghead gas from the following wells on your State Leases:

Well #17 - SE/4 SE/4 of Section 24-23S-36E.

Well #27 - SE/4 NW/4 of Section 23-23S-36E, Lea County,
New Mexico.

We appreciate your offer, however, we regret to advise that these wells are remotely situated in regard to our gas gathering system and for that reason we will be unable to serve these properties. If additional gas production should be developed nearby we will be pleased to have you call this matter to our attention at some future date.

Yours very truly,

L.H. Moore
