REPORT ON THE PROGRESS OF THE WORK DURING THE YEAR 1900

The work of the Department during the year 1900 has been characterized by a steady and continuous progress in all the various branches of the service. The most important of the work done during the year has been the completion of the Census of the Marine Mammals, the Census of the Fishes, and the Census of the Birds. The work of the Department has also been characterized by a steady and continuous progress in the various branches of the service, and the results of the work have been of great value to the Government and to the people.
