17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Well was shut in August, 1974 due to excessive water production from San Andres.

Disposition will be contingent upon selective completion attempts in other San Andres

wells by 1976.

Spiner 10/1/76

"The condition of the well is such as to prevent damage to the producing zone, migration of hydrocarbons or water, the contamination of fresh water or other natural resources, or the leakage of any substance at the surface."
