INSTRUCTIONS

This form shall be executed and filed in QUADRUPLICATION in the District Office of the Oil Conservation Commission, covering each unit in which oil or gas is produced. A separate certificate shall be filed for each transporter authorized to transport oil or gas from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operation or ownership and each change in the transporter, except that in the case of a temporary transporter involving less than the allowable production for one operation period, the operator shall in lieu of filing a new certificate notify the Oil Conservation Commission District Office, and the transporter authorized by certificate of the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily moving oil or gas from the unit and the transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until

- (a) Operating ownership changes
- (a) The transporter is changed or
- (c) The permit is cancelled by the Commission

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, the heading "REMARKS."

In all cases where this certificate is filed to cover a change in ownership or a change in the transporter designated to move oil or gas, "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each producing unit designated by the Oil Conservation Commission.

with the District Office in which oil or gas is produced. After authorized by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

ownership and each change in the transporter, except that in the case of a temporary transporter involving less than the allowable production for one operation period, the operator shall in lieu of filing a new certificate notify the Oil Conservation Commission District Office, and the transporter authorized by certificate of the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily moving oil or gas from the unit and the transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until

Oil Conservation Commission have not been complied with at the same time this report is filed, the heading "REMARKS."

operating ownership or a change in the transporter designated to move oil or gas, "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.
