Gentlemen:

This is to advise that on July 23, 1982 the Exxon Corporation's New Mexico State S-21 tbg. - Tubb gas well located in Unit L of Section 2, Township 22S, Range 37E, Lea County, New Mexico was disconnected from El Paso Natural Gas Company's system. This meter is blind plated and will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to inability of the well to produce into El Paso's Lea County 100# Gathering System. (Meter #60-643-01)

Yours truly,
