HUMBLE OIL & REFINING COMPANY

August 4, 1933

New Mexico Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Gentlemen:

This is to request that Humble Oil & Refining Company be granted a permit to dually complete New Mexico State "S" Well No. 21, located 880 feet from the West line and 1880 feet from the South line of Section 2, T-22-S, R-37-E, Lea County, New Mexico. This request is made under regulations as set forth in Case No. 728, Order No. R-588 as applicative to the Tabb Gas Pool. In support of this application we present the following information:

1. New Mexico State "S" Well No. 21 is now completed as a gas well in the Elmhurst Gas Pool. It is our plan to dually complete this well by perforating the Tabb gas pay and completing as a dual Elmhurst-Tabb gas well.
2. The acreage to be assigned to the Tabb gas zone will be a 160 acre standard gas unit described as the Southwest Quarter of Section 2, T-22-S, R-37-E.
3. The gas unit will consist of contiguous quarter quarter sections.
4. The gas unit is to be wholly within a single governmental section.
5. The entire gas unit may reasonably be presumed to be productive of gas from the Tabb Gas Pool.
6. The length or width of the gas production unit does not exceed 2840.

We have attached a schematic diagram which shows the proposed dual completion, a gas unit plot, and a copy of our letter advising all offset operators of this application.

We trust we have furnished you with sufficient information to issue the necessary "DC" order.

Yours very truly,

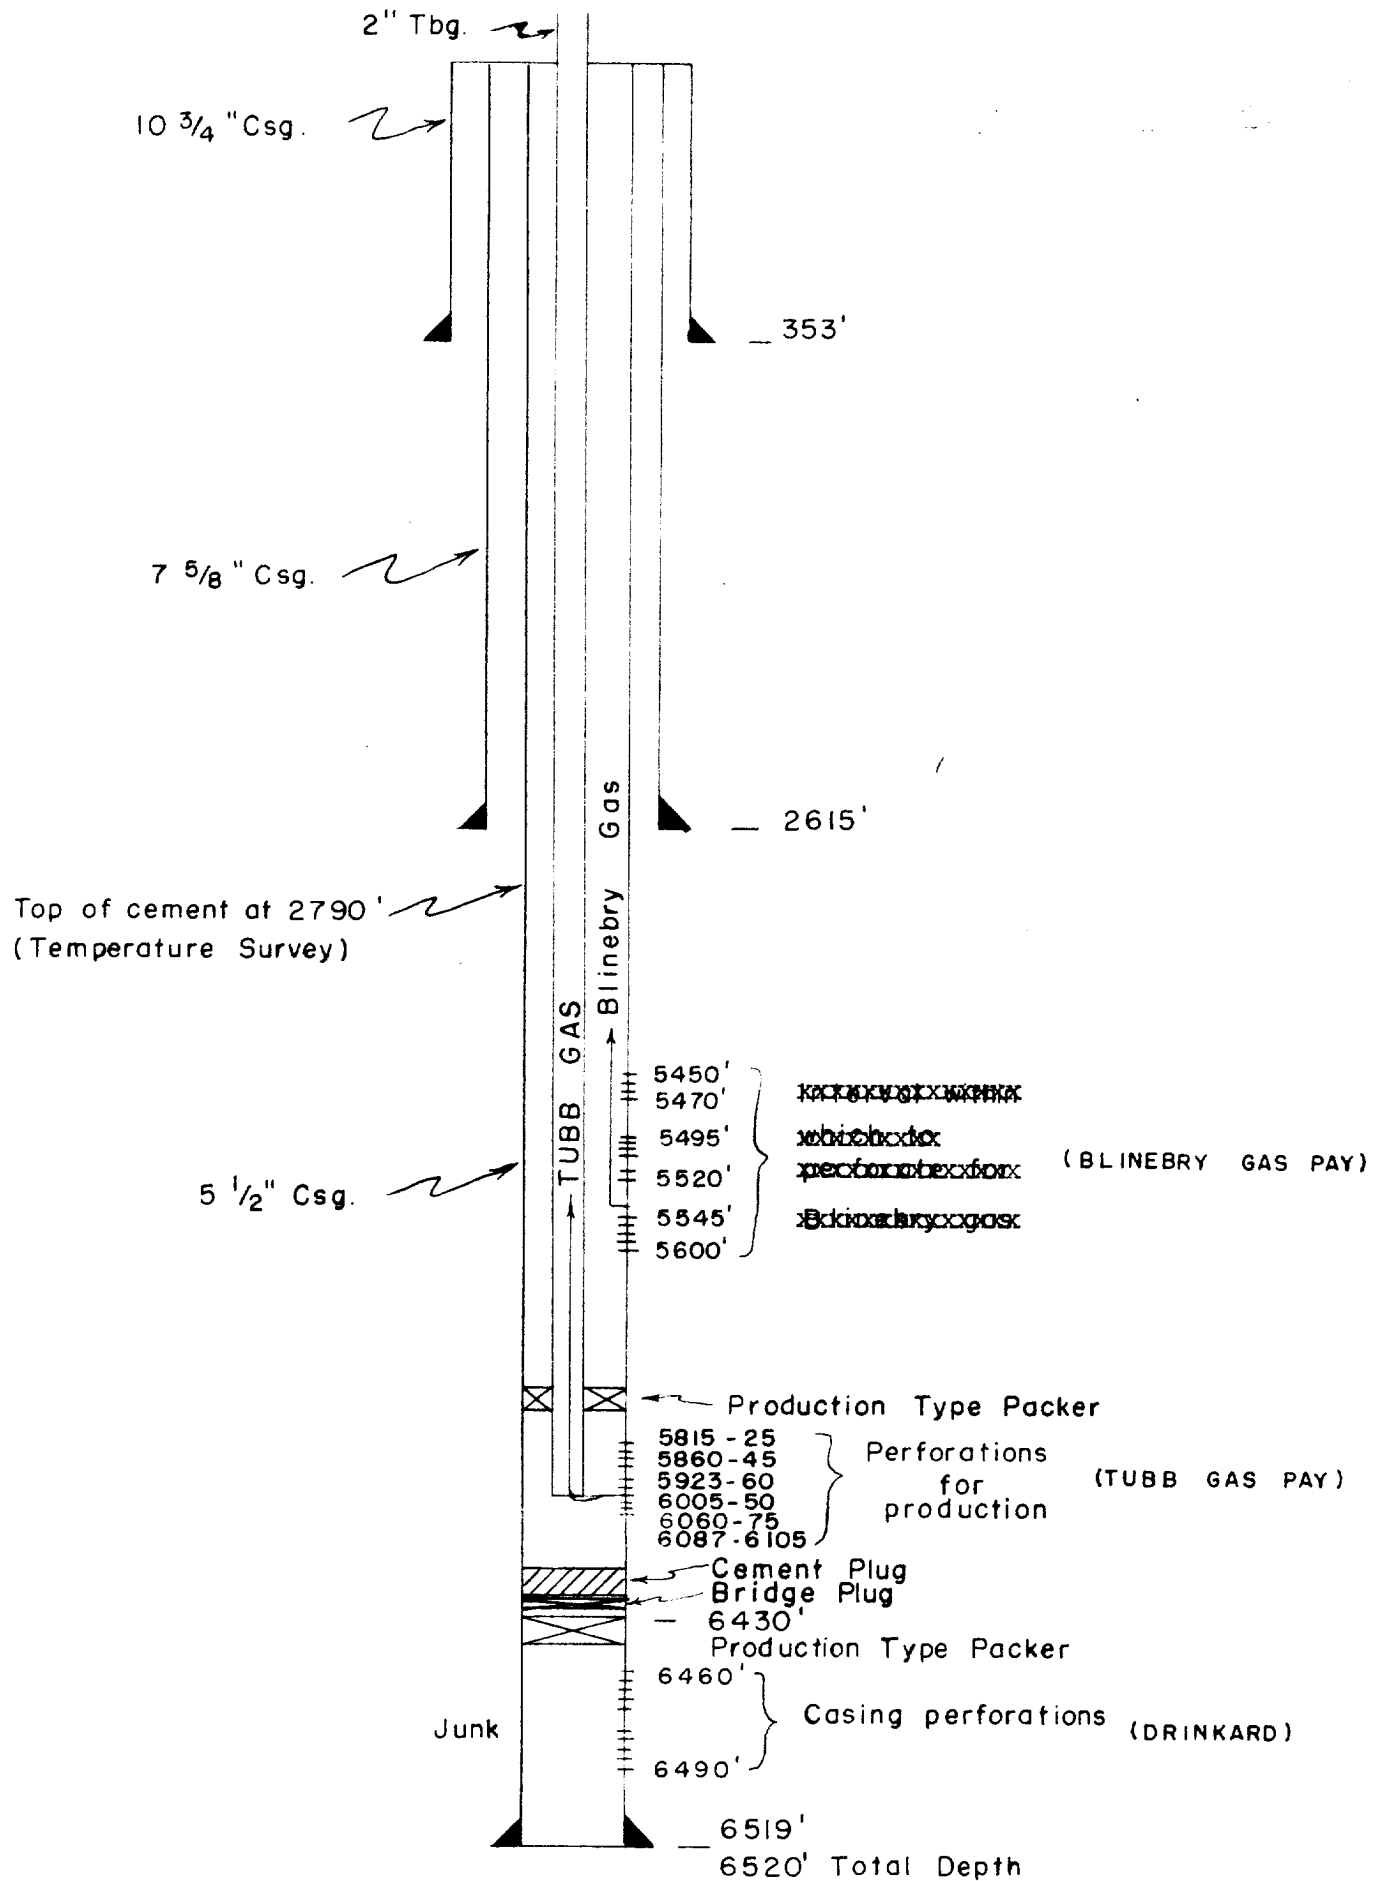

HUMBLE OIL & REFINING COMPANY

Gentlemen:

Please find attached a copy of our "Application to Dual Complete" our New Mexico State "S" Well No. 21.

Well presently produces as a gas well from the Elinbry Gas Pool and our plan is to perforate the Tubb gas pay and complete as a dual Elinbry-Tubb gas well.

We have attached a schematic drawing of proposed dual completion and the gas unit plat.

Yours very truly,

HUMBLE OIL & REFINING COMPANY

J. W. HUME,
Division Superintendent
