Re: Standard Gas Proration Unit
Blinbry Gas Pool
Lea County, New Mexico

Gentlemen:

Administrative approval is requested for a 160 acre standard gas proration unit for the SW $\frac{1}{4}$ Section 3-T22S-R37E Lea County, New Mexico, Blinbry Gas Pool.

Brunson "B" #6 located 330 FWL, 430' FSL Section 3 is in a 120 acre unit made up of the NE $\frac{1}{4}$, SW $\frac{1}{4}$, and SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ Section 3. Brunson "B" #2 located 1912' FSL, 1912' FWL Section 3-T22S-R37E was previously a Blinbry oil well but is now shut in and disconnected due to excessive gas-oil ratio.

It is requested that the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ now dedicated to Brunson "B" #2 be reallocated to Brunson "B" #6 to form a 160 acre standard gas proration unit.

Yours very truly,

CITIES SERVICE OIL COMPANY
