Well was shut-in during 1968 due to low production. Future disposition will be dependent upon results of pilot waterflood which is now in progress. Evaluation of pilot flood will be completed by year end 1977.

E. L. Clemmer 10/1/76

"The condition of the well is such as to prevent damage to the producing zone, migration of hydrocarbons or water, the contamination of fresh water or other natural resources, or the leakage of any substance at the surface."

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
