On July 23, 1946 approval was granted to drill our Eva Owens Well #3 to the Drinkard Pay. Total Depth of this well is now 6492' in line. We wish to deepen this well to the Ellenburger Pay, which should be encountered by approximately 8000'. If this Ellenburger section is productive we plan on setting 5 1/2" OD pipe through the pay section, then gun perforating.
