

DUPLICATE

NEW MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELL

RECEIVED
JAN 9 - 1940
HOBBS OFFICE

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of logging or well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	
REPORT ON RESULT OF SHOOTING CHEMICAL TREATMENT OF WELL	X	REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF CASING SHUT-OFF		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF PLUGGING OF WELL

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The text also mentions the need for regular audits and the role of independent auditors in ensuring the reliability of the data.

2. The second part of the document focuses on the challenges faced by organizations in implementing effective internal controls. It highlights the complexity of modern business environments and the need for a robust framework of controls to manage risks. The text suggests that organizations should adopt a risk-based approach to internal control design and implementation.

3. The third part of the document addresses the issue of data security and privacy. It discusses the various threats to data integrity and the importance of implementing strong security measures to protect sensitive information. The text also touches upon the legal requirements for data protection and the role of organizations in ensuring compliance.

4. The fourth part of the document explores the role of technology in enhancing financial reporting and analysis. It discusses the benefits of using advanced software solutions for data collection, processing, and visualization. The text also mentions the importance of ensuring the security and reliability of the technology used in financial systems.

5. The fifth part of the document discusses the importance of transparency and accountability in financial reporting. It emphasizes that organizations should provide clear and concise information to stakeholders and should be open to external scrutiny. The text also mentions the role of regulatory bodies in ensuring the transparency of financial reporting.

6. The sixth part of the document discusses the importance of continuous improvement in financial reporting. It suggests that organizations should regularly review and update their reporting processes to reflect changes in the business environment and regulatory requirements. The text also mentions the role of professional associations in providing guidance and support for organizations in this regard.

7. The seventh part of the document discusses the importance of ethical considerations in financial reporting. It emphasizes that organizations should adhere to high ethical standards and should not engage in any practices that could compromise the integrity of the financial system. The text also mentions the role of professional associations in promoting ethical behavior among their members.

8. The eighth part of the document discusses the importance of stakeholder engagement in financial reporting. It suggests that organizations should actively involve stakeholders in the reporting process and should seek their input and feedback. The text also mentions the role of professional associations in facilitating stakeholder engagement.

9. The ninth part of the document discusses the importance of international harmonization of financial reporting standards. It suggests that organizations should strive to adopt internationally recognized standards to ensure the comparability and consistency of financial reporting across different countries. The text also mentions the role of international organizations in promoting harmonization.

10. The tenth part of the document discusses the importance of future research in financial reporting. It suggests that organizations should continue to explore new ways to improve their reporting processes and should collaborate with researchers to address the challenges they face. The text also mentions the role of professional associations in supporting research in this area.
