OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELLS

RECEIVED
JUN 8 1946
HOBBS OFFICE

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within three days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the statistical analysis performed.

3. The third part of the document presents the results of the study. It includes a series of tables and graphs that illustrate the findings of the research. The data shows a clear trend of increasing activity over time.

4. The fourth part of the document discusses the implications of the findings. It suggests that the results have significant implications for the field of study and may lead to further research in this area.

5. The fifth part of the document provides a conclusion and summarizes the key points of the study. It reiterates the importance of accurate record-keeping and the need for ongoing research in this field.

6. The sixth part of the document includes a list of references and a bibliography. It cites various sources that have been consulted during the research process, including books, articles, and online resources.

7. The seventh part of the document contains a list of appendices and supplementary materials. These include additional data, charts, and documents that provide further detail on the study.

8. The eighth part of the document includes a list of figures and tables. These are used to present the data in a clear and concise manner, allowing for easy comparison and analysis.

9. The ninth part of the document contains a list of footnotes and endnotes. These provide additional information and clarification on specific points mentioned in the main text.

10. The tenth part of the document includes a list of acknowledgments and a thank you note. It expresses gratitude to the individuals and organizations that have supported the research and provided valuable feedback.

11. The eleventh part of the document contains a list of contact information and a list of authors. It provides details on how to reach the researchers and lists the names of those who contributed to the study.
