RE: Rule 104 Exception – Non Standard Acreage
E. A. Sticher Well No. 3
API 30-025-10025
554' FSL and 2086' FWL
Unit N, Section 4, T22S, R37E
Lea County, New Mexico

Dear Mr. Stogner,

Arch Petroleum Inc. respectfully requests Administrative Approval for an exception to Rule 104 for a non-standard 40-acre gas spacing and Proration unit "GPU".

The E. A. Sticher Lease consists of the SE/4 SW/4 of Section 4, 40 acres. Currently the E. A. Sticher No. 3 is the only well, which will be produced from the Tubb Gas field.

Arch Petroleum Inc. owns 100% working interest in this lease and does not wish to pool with outside parties to obtain additional acreage necessary for a standard 160 acre GPU.

A list of affected offset operators has been attached for your review and a copy of this letter along with a plat have been forwarded to each by certified return receipt mail as notice of this request.

Thank you in advance for your consideration of our request. If you have any questions, please do not hesitate to give me a call at (915) 685-8100.

Sincerely,

Robin S. McCarley
Production Tech.
