17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 103.

The Hare McKee production has declined to 3 to 4 BOPD. (January, 1971 production was 91 BO & 23 BW.) It is produced by gas lift. The well is no longer economical to produce. We propose to shut well in and hold for recompletion possibilities.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
