Roswell, New Mexico

Attention: Mr. R. A. Lowery

Gentlemen:

Effective January 1, 1965 your Rinewalt No. 1 located in Unit F of Sec. 4, T-22-S, R-37-E and your Taylor Glenn No. 1 located in Unit K of Sec. 3, T-21-S, R-37-E are reclassified as oil wells in the Blinebry Oil Pool.

This reclassification from gas to oil is necessitated by your recently submitted gas-liquid ratio tests which indicated the wells to be producing fluids of less than 51° gravity and with a gas-liquid ratio of less than 32,000 to 1.

These wells will appear in the Oil Proration Schedule for January and the gas allowables assigned these wells will be cancelled on January 1. Also, if more than 40 acres is dedicated to these wells, please submit a revised Form C-128 at your very earliest convenience.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1
