Gentlemen:

Due to recently submitted gas-oil ratio tests for your wells in the Tubb Oil & Gas Pool, the Tubb zone in each of the wells listed below will be reclassified from oil to gas in accordance with Division Order No. R-6012. The reclassifications will be effective January 1, 1980, and the oil allowables will be cancelled that date.

Rinewalt No. 4 Unit C Section 4, T-22-S, R-37-E

Taylor Glenn No. 10 Unit F Section 3, T-21-S, R-37-E

Please advise this office when you have met the requirements for gas wells in the Tubb Pool, as outlined in Order No. R-6012, in order that gas allowables can be assigned for the wells.

Yours very truly,

OIL CONSERVATION DIVISION
