12. Describe Proposed or Completed Operation (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work)  
SEE RULE 1103.

In order to more effectively utilize equipment available on the Wiser operated Rinewalt leases, all surface facilities have been combined. Only minor piping and valve modifications were required as the existing tank batteries were immediately adjacent to one another.

One 500 bbl oil storage tank in poor condition was taken out of service, but all other tanks and vessels are still in use.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
