Dear Mr. Porter:

In checking our well file for the Lee Stebbins "B" No. 4, Unit B, Section 5-22S-37E, we discovered an error that we made in making out the original C-101 giving our notice of intention to drill this well.

I am sending you a corrected C-101 for approval so that the Commission's and our files may be brought up to date.

Sincerely yours,

Chas. Taylor
