Subject: Dual Completion Application Grizzell No. 1 Drinkard Oil Pool Penrose Skelly Oil Pool Lea County, New Mexico

New Mexico Oil Conservation Commission Post Office Box 2088 Santa Fe, New Mexico

Gentlemen:

Attached is State Form C-102, Application For Multiple Completion, with required supporting data, for our Grizzell No. 1, located 660' FSL & 1980' FWL, (Unit N) of Section 5, T-22-8, R-37-E, Lea County, New Mexico.

At the present time, the well is completed as a Drinkard Oil Pool well.

The Penrose Skelly zone is committed to, and is a part of, the Gulf operated South Penrose Skelly Unit. Due to this fact, the Penrose Skelly pool horizon will be completed by Pan American and subsequently turned over to Gulf.

Since the Grizzell acreage, and all surrounding acreage, of the Penrose Skelly pool horizon is within the boundary of this unit, it is felt the offset operator notification requirement is not applicable, therefore, no attempt was made toward notification. We trust this procedure is satisfactory.

Your early consideration of this application is solicited.

Yours very truly,

Original Signed by: V. E. STALEY

V. E. Staley Area Superintendent
