Re: Form C-110 Downes #3
Sec. 6-22-37

Dear Sir:

We have not yet assigned an allowable to your Downes #3 well, recently completed in the Queen formation, since this well, although presently undesignated, will be a Eumont Pool well, and your #1 well is in the Penrose-Skelly Pool. It will be necessary for you to file a new Form C-110 with a request for co-mingling, by including the following statement in the "Remarks" space:

"Permission is hereby requested to produce this well, completed in the Eumont Pool, into common storage with wells on the same lease currently prorated in the Penrose-Skelly Pool."

Yours very truly,

OIL CONSERVATION COMMISSION

R. F. Montgomery

There are two main reasons why the Government should not be allowed to take over the management of the country's economy. First, the Government is not equipped to handle the day-to-day operations of the economy. Second, the Government is not responsible to the people for its actions. The people should be allowed to manage their own economy, and the Government should be limited to its proper functions of law enforcement and defense.

These are the only two cases of the disease in the country. The first case was reported in 1954 and the second in 1955. The disease is caused by a virus which is spread by mosquitoes. The disease is characterized by a high fever, headache, and a rash. It is usually fatal within a few days of the onset of symptoms.
