

## NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

## MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Date

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the Radford-Zachry Oil Co., Inc.  
(Formerly Mae and Stauffer) L. E. Grizzell Well No. 1 in NE $\frac{1}{4}$  of NE $\frac{1}{4}$   
Company or Operator Lease  
of Sec. 8, T. 22, R. 37, N. M. P. M., Penrose-Skelly Field.  
Lea County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

To deepen L. E. Grizzell No. 1 from its present total depth of 3736' to approximately 5200' and recomplete in the Paddeek zone. This well is now producing less than one-half barrel of oil per day from the Penrose-Skelly pay and has not been credited with any pipeline runs during the past five months. The casing set in the well is as follows:

13-3/8" at 320 feet cemented with 125 sacks  
8-1/4" at 1245 feet cemented with 175 sacks  
7" at 3495 feet cemented with 100 sacks

It is planned to drill a 6-1/4" hole from 3736' to about 5080' and to set a 5-1/2" liner from 3300' (193' in 7" casing) to 5080' and to cement it solid from top to bottom. 4-3/4" hole will be drilled into the Paddeek zone.

OIL CONSERVATION COMMISSION,

By H. M. SullivanTitle Engineer

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the process, from the initial planning stage to the final execution. This section also addresses the potential challenges that may arise during the implementation phase and provides strategies to overcome them.

3. The third part of the document discusses the results of the implementation. It presents the data collected and analyzes the outcomes of the changes. This section also includes a comparison of the results with the initial goals and objectives, highlighting the areas of success and the areas that need further attention.

4. The fourth part of the document provides a summary of the findings and conclusions. It reiterates the importance of maintaining accurate records and the effectiveness of the proposed changes. This section also offers recommendations for future actions and provides a final statement on the overall success of the project.
