Re: Reclassification of Wells
Blinebry Oil and Gas Pool

Gentlemen:

Due to the recently submitted "scheduled" gas/oil ratio tests the wells listed below will be reclassified as gas wells in the Blinebry Oil and Gas Pool effective January 1, 1989, and the oil allowables cancelled that date.

State CK #3-N Sec. 19, T21S, R37E
Grizzell B #1-G Sec. 8, T22S, R37E

If for some reason you feel the recently submitted tests do not reflect the proper classification of either well, please submit another test for our consideration by November 10, 1988.

If the wells are to be reclassified from oil to gas, please submit the following by November 10, 1988.

- 1) C-102 indicating acreage dedicated to gas well proration unit and NSP if applicable.
- 2) C-104 if gas transporter changes due to reclassification
- 3) Advise if gas well gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
