Request for authorization to produce

New Mexico Oil Conservation Division  
District 1  
P.O. Box 1980  
Hobbs, NM 88240

Dear Mr. Sexton:

Approval was granted March 17, 1995 to squeeze Paddock perforations and rededicate the J.L. Greenwood #9 to a 40 ac. oil well in the Blinbry (C-103 attached). A stipulation was included that required a non-standard proration unit for well #11 of 120 acs. be obtained before well #9 could produce. Well #11 is SI and will remain SI. Therefore, authorization is requested to produce #9 while the required non-standard proration unit is obtained.

Please sign below if authorization is approved. If you have any questions please call me at (915) 688-6782.

Sincerely,

  
Alex M. Correa
