New Mexico.

Mr. A. L. Porter, Jr., Secretary-Director
New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

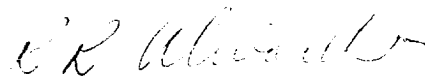

Dear Mr. Porter:

Humble Oil & Refining Company respectfully requests administrative approval to dual complete its J. L. Greenwood, Well No. 13 as a Blinebry Gas and Tubb Gas Well, Lea County, New Mexico, located in Unit "L", Section 9, T-22-S, R-37-E.

This well is presently classified as a Drinkard oil well. It is proposed to dually complete this well in such a manner as to permit the Blinebry Gas and Tubb Gas to be produced through 5-1/2" casing annulus and 2-3/8" tubing as shown on the attached sketch. Drinkard perforations will be plugged off.

Very truly yours,

HUMBLE OIL & REFINING COMPANY
