

NEW MICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Rowan Oil Company

Elliott

Well No. 3-B-9 in NW/4 of NW/4

Company or Operator

Lease

of Sec. 9, T. 22S, R. 37E, N. M. P. M. Brunson Field.

Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

The casing of this well is now perforated from 8020 to 8035' and 8040 to 8070'. We have run Dowell water locator and found water to be coming in through perforations at 8040 to 8070'.

In an effort to eliminate the 77% water being produced by this well, we propose to plug back from T. D. 8083' to 8030' with Halliburton Hydramite, applying pressure after each fill-up, then re-perforate and recomplete from 8020 to 8030'.

FEB 23 1951
