## MEMORANDUM FOR THE DEAN

The following information was received from the Office of the Registrar regarding the enrollment of students in the College of Arts and Sciences for the year 1964-1965. The total enrollment for the year is 1,234 students, an increase of 12% over the previous year. The enrollment is distributed as follows:

Undergraduate students: 876  
Graduate students: 358  
Non-degree students: 0  
The enrollment is distributed by department as follows:

Department	Undergraduate	Graduate	Non-degree
Arts and Sciences	123	45	0
Engineering	156	67	0
Business Administration	98	34	0
Education	76	23	0
Health Sciences	112	56	0
Humanities	134	78	0
Life Sciences	145	89	0
Physical Sciences	167	98	0
Social Sciences	189	111	0

The enrollment data for the year 1964-1965 shows a significant increase in the number of students enrolled in the College of Arts and Sciences. This increase is primarily due to a rise in undergraduate enrollment, which has grown by 12% over the previous year. Graduate enrollment has also increased, but at a slower rate of 5%. The distribution of enrollment by department shows that the most popular departments are the Physical Sciences and Social Sciences, which have the highest number of students. The College of Arts and Sciences, while having the lowest enrollment, shows a strong growth trend. The data also indicates that the College is attracting a diverse group of students, with a mix of undergraduate and graduate students from various backgrounds.
