Attention: Mr. William J. LeMay - Director

Gentlemen:

Per your request, attached are copies of the return receipts from the offset operators to the Rollon Brunson No. 6 application submitted March 8, 1994.

The receipts from Mobil Producing and OXY USA were not returned to Chevron. Mobil called on March 23, 1994 to discuss the project, therefore they have received the notice. I contacted OXY and they indicated the notice could not be found, so a second notice was sent to OXY on March 28, 1994.

If additional information is required, please contact me at (915) 687-7152.

Sincerely,

A handwritten signature in cursive script that reads "Lloyd V. Trautman".

Administrative Application for Unorthodox
Gas Well Location and Simultaneous Dedication
Blinberry Oil and Gas Pool
Rollon Brunson Well #6
536' FNL AND 2104' FEL, Unit B
Section 10, T22S, R37E
Lea County, New Mexico

State of New Mexico
Energy, Minerals & Natural Resources Dept.
Oil Conservation Division
P.O. Box 2088
Santa Fe, New Mexico 87504

Attn: Mr. William J. LeMay
Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests administrative approval for an unorthodox gas well location on the Rollon Brunson Well No. 6 and simultaneous dedication with the Rollon Brunson Well No 4.

Well No. 4 is dedicated to an existing non-standard gas proration unit, approved by Administrative Order NSP-995 dated May 9, 1975. The current unit is 80 acres, which consists of the W/2 NE/4 Section 10, T22S, R37E. Well # 4 is located 2086' FNL and 1874' FEL (Unit G) of Section 10, T22S, R37E and Well No. 6 is located 536' FNL and 2104' FEL (Unit B) of Section 10, T22S, R37E.

Well No. 6 was originally completed as a Drinkard producer in 1949. This well was subsequently completed in the San Andres in 1972 and then completed as a Tubb-Drinkard dual in 1977. The closest Blinberry Well is J. H. Hendrix's Brunson No. 5, located in Section 3, T22S, R37E, approximately 1090' north.

March 9, 1994

Attached is a plat outlining the proration unit with the location of wells 4 and 6, and a map showing the offset properties and wells.

Chevron U.S.A. Inc. has mailed, by certified mail, a copy of this application to the offset Operators.

In view of the facts submitted, Chevron U.S.A. Inc. requests that administrative approval of this request be granted. If additional information is required, please contact me at (915) 687-7152.

Sincerely,

Lloyd V. Trautman
Sr. Petroleum Engineer
