Attention: Ms. Lori Wrotenbery, Director

Dear Ms. Wrotenbery:

Chevron U.S.A. Inc. respectfully requests your approval of this administrative application for the subject Unorthodox Gas Well Location and rededication of a Standard 160-acre Tubb Oil and Gas (Pro Gas) Unit.

Chevron U.S.A. is planning to re-complete the Eaves #3 into the Tubb Oil and Gas (Pro Gas) Pool. The Eaves #3 well is currently completed in the Wantz Abo Oil Pool. The location of the Eaves #3 is 454' FNL and 454' FEL, Unit Letter A, Section 10, Township 22 South, Range 37 East, Lea County, New Mexico. It is also our desire to dedicate a Standard 160-acre Tubb Oil & Gas (Pro Gas) Unit (GPU), comprising the NE/4 of Section 10, T-22S, R-37E, to this well. This 160-acre Tubb GPU has historically been dedicated to the Eaves #5 Well (located in Unit Letter H, or SE/4 NE/4 of Section 10) and/or to the Brunson #6 Well (located in Unit Letter B, or NW/4 NE/4 of Section 10). The Eaves #5 Well ceased producing from the Tubb in 1975 while the Brunson #6 Well ceased producing from the Tubb in 1994. There appears to be no other Tubb Oil & Gas producers within the 160-acres comprising the NE/4 of Section 10, Township 22 South, Range 37 East, Lea County, New Mexico.

As a result of dedicating the proposed Standard 160-acre GPU, the location of the proposed Eaves #3 in the Tubb O&G (Pro Gas) pool, is unorthodox in that it is less than the required distance from the outer boundary of the proration unit.

In order to prevent waste, Chevron respectfully requests your prompt approval of this administrative application for the stated unorthodox gas well location and a Standard 160-acre Tubb GPU dedication for the Eaves #3 Well. Attached are maps showing offset operators and Form C-102 plats. A copy of this letter and attachments are being furnished by Certified Mail to offset operators (see attached list) as their notice of this application.

If you have any questions or require any further information concerning this application, please contact me at (915) 687-7246.

Yours very truly,

A handwritten signature in cursive script that reads "Alan W. Bohling".

Alan W. Bohling
Petroleum Engineer
