Dear Mr. Comfort:

Enclosed please find approved copy of Form C-102, Notice of Intention to Test Casing Shut-Off, on 9 5/8" Casing on your #1 Santa Fe Pacific "C" Well in Sec. 26, T. 9-S, R. 36-E.

My files reflect no record of surface casing having been set. Will you please see that both Form C-102 and Form C-103 are filed immediately.

Also, upon checking my files on your Brunson Argo #18 Well in Sec. 10, T. 22S, R. 37E, I find that you filed Form C-101, Notice of Intention to Drill on June 25th and also on June 30th Report on Beginning Drilling Operations reporting that you spudded on June 29, 1948. Your next report was filed on August 10th Form C-102, Notice of Intention to Test Casing Shut-Off on 5 1/2" Casing. On August 11th you filed form C-110, Certificate of Compliance and Authorization to Transport Oil. Now, if you will check with me you will find that Form C-102 and C-103 for the 13 3/8" Casing, Form C-102 and C-103 for the 8 5/8" Casing, Form C-103 for the 5 1/2" Casing and Form C-105, Well Record, are missing. I will appreciate your filing these forms immediately and in the future if all reports have not been made we will find it necessary to hold the Authorization to Transport Oil until such forms have been filed.
