

PACKER SETTING AFFIDAVIT

I, T. A. S. Steele, Jr., being of lawful age  
Name of Party Making Affidavit  
and having full knowledge of the facts hereinbelow set out do state:

That I am employed by The Ohio Oil Company in the  
capacity of Petroleum Engineer, that on March 4, 1942,  
Date  
I personally supervised the setting of a Baker Model "D"  
Make and Type of Packer  
in The Ohio Oil Company, Lea Wortham  
Operator of Well Lease Name  
Well No. 12 located in the Drinkard, Lea  
New Mexico Field  
County, Lea, at a subsurface depth of 6410 feet, said depth

measurement having been furnished me by Welox Jet Services;  
that the purpose of setting this packer was to effect a seal in the annular  
space between the two strings of pipe where the packer was set so as to pre-  
vent the commingling, in the bore of this well, of fluids produced from  
a stratum below the packer with fluids produced from a stratum above the  
packer; that this packer was properly set and that it did, when set, effect-  
ively and absolutely seal off the annular space between the two strings of  
pipe where it was set in such manner as that it prevented any movement of  
fluids across the packer.
