> Re: Hinton 5, Section 12, 22S-37E, Lea County, New Mexico.

## Gentlemen:

Enclosed you will please find new gas plat covering the acreage to be assigned to the captioned well. We have made arrangements to form a unit consisting of the southeast quarter of this section so that no hearing for an unorthodox unit will be required.

It is our understanding that the submission of this plat is all that will be necessary in order that we may receive a full 160 acre allowable for Hinton 5.

If such is not the case, please advise.

Very truly yours,

John P. McNaughton

ah Encl.
