Gentlemen:

The reported gas-oil ratio of 30,000/1 for your Rodgers Gas Com Well No. 1 located in Unit A of Section 12, T-22-S, R-37-E, requires that it be reclassified from a gas to an oil well in the Tubb Oil & Gas Pool effective January 1, 1985, and the gas allowable will be cancelled that date.

Please submit two copies of a revised Form C-102 outlining a 40 acre proration unit for the oil classification and in the event that there is a transporter change due to the reclassification, please also submit Form C-104 so indicating.

Yours very truly,

OIL CONSERVATION DIVISION
