Re: Downhole Commingle
N.G. Penrose #1-B
Sec. 13, T22S, R37E

Gentlemen:

Your intention to perform the work necessary to downhole commingle the Blinbry, Tubb, and Drinkard zones in the above-referenced well has been approved.

R-8707 requires that the District Office set the percentage allocations for each zone. When the work is completed, please submit a written request to this office along with your test information in order that we may establish the percentage allocations.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
